

# INDUSTRIÁL WÁLKY

SEVEROČESKÉ MUZEUM V LIBERCI

14. 6. - 2. 9. 2012

A stylized, high-contrast illustration of an industrial landscape. The scene is dominated by dark silhouettes of factory buildings and tall smokestacks. Thick, dark smoke billows from the stacks, filling the upper portion of the frame. In the background, a lighter sky features several small, simple silhouettes of aircraft flying across. The overall aesthetic is graphic and industrial, using a limited color palette of greys, blacks, and browns.
